

## **Euston Spring**

At all distances the firing points are to be 3.0m apart.

A maximum of 8 firing points to be used at any one time, a maximum of two shooters may shoot from each firing point. If you wish to maintain social distancing you need to book the slots you want for single use.

Each detail will be 30 minutes, change targets at mid-point if requested. A supply of targets will be placed in front of each target frame; members may use their own targets but must provide their own stapler. All targets to be removed from the target frame at the end of the detail and disposed of by the member who used them.

15 minutes between each detail to allow the clearing of the firing point and the setting up of the firing point by the next shooter.

Each firing point on each detail can be booked in advance on a first come first served basis. Booking is not required; you may turn up at any time and fill a vacant firing point. If you want a particular firing point at a particular time it needs to be booked. You can book a time slot for single use or use with a named companion. Block booking is permitted but each member will be granted at least one detail if the numbers permit, the Secretary's decision on booking allocations is final.

Details will be as follows:-

10:00 first detail at 200m eight firing points, finishing at 10:30. 2 firing points at 25m.

10:45 second detail at 200m eight firing points, finishing at 11:15. 2 firing points at 25m.

11:30 third detail at 100m eight firing points, finishing at 12:00.

12:15 fourth detail at 100m eight firing points, finishing at 12:45.

13:00 fifth detail at 100m eight firing points, finishing at 13:30.

13:45 sixth detail at 100m eight firing points, finishing at 14:15.

14:30 seventh detail at 50m eight firing points, finishing at 15:00.

15:15 eighth detail at 25m eight firing points, finishing at 15:45.

Range will close at 16:30.

The range will open for the first detail at 9:30. Members will sign in using their own pen and will bring the correct range fee of £5.00.
